Organizational Profile (SABAWON)

SABAWON stands for Social Action Bureau for Assistance in Welfare and Organizational Networking. It is a civil society organization created in September 1994, and is registered with the Government of Pakistan under the Societies Act of 1860.

SABAWON is working to form a society which is attributed as free from all kind of discrimination and striving to provide an enabling environment to the under resourced vulnerable communities for ensuring sustainable livelihood. Motivated by our concern for the country's poverty, affecting mostly women and children, SABAWON's mission is to provide access to the primary education, health resources, diseases prevention and promote development in social sector through dynamic partnerships that builds the local capacity in efficient and measurable ways:

- We believe in Partnership;
- We together find Solutions;
- We strive for Change; and
- We make a Difference.

For more details please visit our website <http://www.sabawon.pk>

The Strategic Framework

Vision:

"To work for the creation of a society based on the principles of social justice and gender equality".

Mission Statement:

"To contribute towards development of the local communities, with a focus on providing enabling environment to the marginalized and deprived groups to access and utilize social sector services".

Key Programme Objectives:

- To establish and foster a network of community-based organisations for better planning, management and utilisation of resources;
- To build capacities of communities and local institutions for optimal resource management at the decentralised levels;
- To bring marginalised communities especially women and children into the mainstream of development through improving their social and economic condition and status; and
- To undertake development initiatives for promoting gender equality and protection of the rights of children.

SABAWON's MAIN AREAS OF INTEREST AND EXPERTISE

- Water and Sanitation
- Development of Community Physical Infrastructures (CPIs)
- Modern Agriculture techniques through advanced technologies
- Formal/ Non Formal Primary Education
- Social Mobilization & Capacity Building
- Poverty Reduction & Livelihood Program
- Health and Hygiene Education
- Vocational Trainings
- Re-establishment of Agricultural Crops by repairing water and land infrastructure, providing access to quality inputs.
